## MEMO

9<sup>th</sup> May 2023

To Affiliated Clubs,

As per StGBA Rules, the StGBA Management Committee has been monitoring the perform of teams since the start of the season. This process of reviewing the results and performance of teams is performed after each round. This review takes multiple factors into account:

- Ignoring the effects of forfeits on standings
- Runs analysis of For:Against
- Average final score differential
- Average score differential per innings played
- Player Changes
- Observations of watching games
- Submissions from Clubs
- Submissions from Umpires

This review was made even harder by the reduced number of games played. So, an additional analysis was made of which teams played which teams, i.e. did you get your wins by playing bottom teams in your division etc.

The StGBA Management Committee met on Monday evening and based on all of these factors; a further revision of the competition structure has been performed under StGBA rule 2.14

*2.14. The Management Committee may, at its sole discretion, re-grade teams up to completion of 50% of the scheduled Competition rounds. Win / loss percentage and for / against will be disregarded for games played prior to regrading. Both statistics shall then recommence in the new grade.*

These changes are to take effect from Round 7.

The StGBA Board is going to continue to monitor results, and in particularly who is pitching for example, and further adjustments to the graded teams may be performed.

On Behalf of the StGBA Management Committee

# 2023 StGBA

## Revised Team Gradings

As at: Sunday, 19 March 2023 (Revision #1)  
Monday, 20 March 2023 (Revision #2)  
Tuesday, 9 May 2023 (Revision #3)
