

JUNIOR SUMMER REGISTRATION

The junior season runs from early September until Late March each summer. We start the registration process in Late July and commence pre-season training/grading in August.

Our teams play in the CSJBA competition across a variety of age groups. The age group for each child is based on their age at their next birthday (referred to as League Age) on or after 1 September (at the commencement of the season).

League Age	Team Level	Game Length
5 or 6	T-Ball Minor	1 hour
7 or 8	T-Ball Major	1¼ hours
9 or 10	Machine Pitch (Zooka)	1¼ hours
11 or 12	Little League	1½ hours
13 or 14	Junior League	1¾ hours
15, 16 or 17	Senior League	2 hours

Generally, we do not start players below League Age 5.

Game times and location

Games are on Saturdays and scheduled based on the younger age groups playing in the earlier timeslots with Junior League and Senior League generally being played in the afternoons.

Home games are played at Jannali with away games played at a number of venues through the Sutherland Shire and into St George. As the players climb through the age groups the geographic area does increase with teams from East Hills and Eastern Suburbs also included in the competition.

Uniforms

Up to and including Machine Pitch the club supplies uniform shirts and pants on loan for the season. Players only need to supply their own Caps and Socks.

From Little League up players need to purchase Pants, Shirts and Belts as well as Caps and Socks.

Equipment

The club provides each team with a kit containing bats, batting helmets and all catcher's gear. The only equipment each player needs to provide is a fielding glove, a protective cup and appropriate footwear (at TBall level sneakers are fine but older kids generally wear football boots).

Training

During the season each team will train one afternoon each week with the timing set according to the coach/team availability.
